Professional Summary

Cloud and DevOps Engineer with hands-on experience in AWS, Linux administration, Ansible, Docker, Git, Terraform, Jenkins, and GitHub Actions. Skilled in infrastructure automation, containerization, CI/CD, and cloud infrastructure management, with practical experience developing and deploying DevOps projects.

Skills

- **Cloud Platform:** AWS
- **Linux Administration:** Linux, RHEL
- **Configuration Management:** Ansible
- **Containerization:** Docker
- **Programming:** Python
- **Version Control:** Git, GitHub
- **CI/CD:** Jenkins, GitHub Actions
- **Infrastructure as Code:** Terraform

Projects

Enterprise Linux Infrastructure Automation

July 2026

Linux, Ansible, Git

- Designed and implemented an automated Linux infrastructure management solution using Ansible to configure servers, deploy services, manage users, and streamline system administration across multiple environments, improving efficiency, consistency, and reducing manual configuration efforts.

MERN Docker CI/CD Application

August 2026

Docker, Git, GitHub, AWS EC2, GitHub Actions

- Developed a full-stack application using React.js, Node.js, Express.js, and MongoDB.
- Containerized frontend, backend, and database services using Docker and Docker Compose.
- Implemented CI/CD with GitHub Actions for automated Docker image builds.

Experience

IPSR Solutions Ltd

May 2026 – December 2026

Cloud and DevOps Intern

- Gained hands-on exposure to cloud and DevOps practices including Linux administration, automation, version control, and infrastructure management while working with modern deployment and system management tools.

Achievements

- Gained hands-on experience in AWS, Linux, Ansible, Docker, and CI/CD.
- Developed automation, cloud infrastructure, and containerized application projects.

Education

B.Tech Artificial Intelligence and Data Science

2022 – 2026

Dhanalakshmi Srinivasan College of Engineering Coimbatore, Coimbatore, India

CGPA: 8.3
